RECEIVED

Dear Sir

Re- Dowling-V- CardCall Pty Ltd [2005] NSWIR Comm 1137

Under the terms of the Order of Commissioner Cambridge in the above matter and in continuing our support of current investigation into certain promotional flags (Inspector Belinda McKean of your Sydney Office), we formally request the assistance of Workcover NSW in further scientific testing of the flags in question. Such testing will be done with the aim of establishing appropriate safe handling protocols for the flags.

I look forward to discussing the requirements of such testing with your appropriate officers. Please advise what assistance we can provide to facilitate the process.

We will immediately cease the use and distribution of the flags in question.

Yours faithfully

Anil Sharma
General Counsel
