Dear Mr Dowling

I refer to your email of 8 March 2024 concerning alleged judicial corruption in NSW.

Our decision

The Commission's Assessment Panel considered the concerns you have raised and decided that the Commission will not commence an investigation into your concerns as the information before the Commission does not indicate with reasonable likelihood that the matter may involve corrupt conduct.

Further information about our role can be found in the fact sheet [Explaining the ICAC's decision](#).

Thank you for bringing this matter to our attention.

Yours sincerely

Mark Nolan
Senior Assessment Officer
